

BOROUGH AND COUNTY GO DEMOCRATIC ON SENATE

MERCHANTS TO AID
PARKING PROBLEM

New Rules to Relieve Congestion Suggested at Meeting.

WOULD SHIFT BUSES

Parking—that modern problem which is increasing daily, was taken up in an intensive meeting by 21 Narberth business men Thursday night.

The meeting, held in the office of John A. Caldwell, was under the chairmanship of Chris Koch. Ralph S. Dunne, president of the Narberth Civic Association, acted as secretary.

A desire to co-operate with Council, and to give the councilmen the benefit of their close contact with the parking situation, prompted the merchants to take united action. Several of the business men have been studying traffic and parking for many months in order to arrive at a possible solution.

Several plans were offered, and the best features of two of them were incorporated into the final scheme, which was adopted without a dissenting vote. The plan, which involves new parking laws, a re-routing of busses, and individual co-operation, includes the following points:

Buses to be slightly re-routed so that there shall be only one-way bus traffic on Haverford avenue. The west-bound busses would come down Narberth avenue to Haverford and out Haverford to Essex as at present, stopping only opposite Chris Koch's drug store.

The east-bound busses would be taken off the business section of Haverford avenue, running on Essex to Windsor, then out Windsor to Narberth, down Narberth to Haverford and out Haverford avenue as at present. The only stop would be at Crane's drug store, where a no-parking zone would be established to provide a loading station. Provisions would be made for passengers to wait indoors at either of the two drug stores, thus providing stations for inclement weather.

Angle parking, eliminated in the new rules put in operation last month, would be restored. The plan suggests that 45 degree parking be permitted for one hour only on the north side of Haverford avenue. Parallel parking to load and unload only would be allowed on the south side of the street. Parallel parking, unrestricted, on the side streets.

A further feature of the plan calls for full co-operation by the business men. The merchants present at the meeting agreed to restrict the time their delivery trucks were parked in front of the stores, so as to keep things moving. They also promised to park their private cars on side streets, so as further to relieve the congested conditions.

A committee of three, consisting of Chris Koch, George M. Dando and Ralph S. Dunne was appointed to meet with the Highway Committee.

WOMEN VOTERS

Invited to Philadelphia Monday Meeting.

The central committee of the Philadelphia League of Women Voters have invited the Narberth branch to join them at the League House, No. 1725 Spruce street, on Monday afternoon at 2 o'clock. As this meeting comes on the same day as the regular monthly meeting here, members are asked to attend there instead.

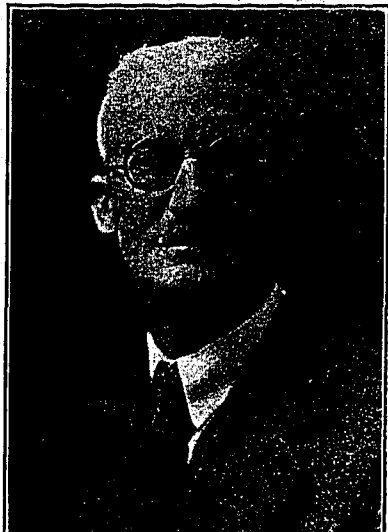

Those who are going will meet at Narberth station in time to take the 1.47 train. The program will cover the organization's plans for the year and will be very interesting and inspiring.

All members are also cordially invited to attend a reception in the evening in the League House at 8.15 o'clock.

FRED C. PETERS

of Ardmore, who was elected to the Assembly on the Republican ticket Tuesday. He lost but two districts of the 24 in the First Assembly District. He is a member of the Bullock-Sanderson Post, American Legion, and Republican Committeeman from West Ardmore.

EDWARD S. HAWS

former Narberth postmaster who was the Democratic candidate for Assemblyman in the First District. He lost to his Republican opponent, but carried two districts in Narberth for a substantial lead in the borough.

Lower Merion Split Tickets Get
Lots of Company---District 3 High

Republican chieftains in Lower Merion who had visions Tuesday night when the election returns began trickling in of "being called on the mat" for the inroads that Wilson, the Democratic candidate, made against Vare in the Senatorial fight should feel somewhat relieved after hearing the results in other parts of the county.

Practically the entire county split tickets just as did Lower Merion, and if there is any "calling" to be done about it the Lower Merionites will have plenty of company. This township with all its independent minded voters turned out a better Republican party vote than did the sections comprising the Third District, which is so well represented in county patronage.

In the 111 voting sections making up the Third District, 67 of them went over to Wilson in the Senate fight. This is an average of 67 per cent.

In the 24 districts of the First District, of which Lower Merion and Narberth are the prominent parts, 10 districts deflected for an average of 41 per cent.

The greatest constancy to the Republican straight ticket was shown in the Second District, which is made up largely of Norristown and Conshohocken. Here but five or 20 per cent. of the 25 districts went over to the Democrats in the Senate fight.

The Third District includes Cheltenham, Abington, Jenkintown, Pottstown, Royersford and all the outlying parts of the county.

SEEK DONATIONS

At the monthly meeting of the Evangel Circle of the King's Daughters each member gave a Thanksgiving donation for the Home of the Aged. Any person caring to make a Thanksgiving donation may send it to the Home, No. 10 Sabine avenue, or Mrs. Hewitt's, No. 114 Essex avenue, Narberth.

WOMEN'S AUXILIARY MEETS

The regular monthly meeting of the Women's Auxiliary of the Narberth Presbyterian Church will be held Wednesday, November 10, from 10 to 4. Luncheon will be served at 1 o'clock. Donations of canned goods, jellies or money will be received at this meeting for the Presbyterian Hospital or may be left at the church on or before Sunday, the 21st.

POSTPONE LUNCHEON

Due to the large number of local affairs slated for November, the American Legion Auxiliary have decided to change the date of their covered luncheon from November 18 to Thursday, December 9.

THANK VOTERS

Edward S. Haws, Democratic candidate for the Legislature, who received a splendid complimentary vote from his fellow townsmen in the election Tuesday issued this statement Wednesday:

"I wish to express through your columns my sincere appreciation of the splendid vote cast for me on Tuesday by the voters of Narberth. It was an expression of their confidence and good will that will be cherished by me. I wish to thank each and every one of the 684 who voted for my election to the general assembly."

ALL PARENTS TO VISIT
SCHOOLS MONDAY NIGHT

Fathers as Well as Mothers Are Invited.

In order that the fathers as well as the mothers may have an opportunity to visit the school while in season, Mr. Wilson, superintendent of Narberth schools, has decided to hold an evening session, so the Fifth, Sixth, Seventh and Eighth Grades will meet in their respective class rooms on Monday, November 8, from 7 to 9 P. M. The regular routine program will be carried out as far as possible.

Many parents are not aware of the efforts that the school board and faculty are putting forth to make the Narberth schools the best for our children. Visit the new department of Manual Training and see how your son can handle saw, hammer and nails; or visit the new Health Department and see how your children's health is being watched. These two are new departments, but come, visit the music, art, domestic science. Two hours will be only too short to see everything.

All parents are cordially invited to be present to encourage the children in their work.

This session is being held at the request of the Mothers' Council of the Narberth school and takes the place of its regular monthly meeting.

N. B.—It is not necessary to present an offspring as a ticket of admission. Your interest is sufficient. In other words, everybody come!

JUNIORS HOLD CARD PARTY

A card party will be given by the Junior Community Club Tuesday night at Miss Margaret Livingston's home, 108 Chestnut avenue. A charge of 50 cents will be levied each member attending, to be laid aside for the building fund of the Community Club.

CIVIC ASSOCIATION MEETS

The annual meeting of the Narberth Civic Association will be held Tuesday, the 16th, at 8 P. M., in Elm Hall. At that time there will be an election of officers and the transaction of any business that may come before the members. All officers, directors and present and past members are invited to attend.

OBJECTS TO BORO
ANTI-SHINGLE LAW

T. Noel Butler, Leading Foe of Proposed Ordinance, Writes.

BAN WOODEN SHINGLES

The first complaint against Narberth's proposed shingle ordinance was made Monday by T. Noel Butler, leading opponent of Anti-Wooden Shingles laws, following publication last week of a statement that Borough Council will soon arrange a hearing.

Council has had the proposed new ordinance under consideration for some time. At its July 12th meeting it was decided to acquaint the public with all available information, and to have a fair hearing for any opposition that might arise. Mr. Butler's letter follows:

Borough Council has before it once again a proposed Anti-Wooden Shingle ordinance, thus presenting to all home owners a matter which should have most earnest consideration. Similar ordinances have been twice before Council in the past five or six years, but in each instance what seemed to be the better judgment prevailed and the proposals were defeated.

The ordinance, as now understood, would seem not only to ban wooden shingles in new construction, but would prevent repairs to shingle roofs when exceeding 15 per cent of the roof area. Further, it would require that all present shingle roofs shall be replaced by other so-called non-inflammable roofing within the short space of 20 years.

Building codes are intended for the safety of life and property and as

COMMUNITY CLUB HEARS
TALK ON "OUR BIRDS"

At Meeting Monday—Makes Plans for Busy Month.

The meeting of the Community Club on Monday seemed to be a reunion of old friends, so sounded the exclamations of recognition and the buzz of interested comment that greeted the beautifully colored slides illustrating Mrs. Griscom's talk on "Our Birds." Mrs. Griscom brings no mere exposition of bird life, but an earnest, almost impassioned plea for the conservation of our wild flowers and shrubs, and especially of our native song birds. She shows how to supply proper nesting places, perhaps choosing and pruning shrubs and trees to that end, how to feed and water the birds and how to discourage their enemies. Her enthusiasm is completely contagious.

At the close of the meeting cider and luscious gingerbread were served by Mrs. J. E. Burrell, assisted by Mrs. Howard Cotter, Mrs. A. E. Davis, Mrs. R. H. Durbin, Mrs. P. H. Egolf, Mrs. W. S. Horner, Mrs. S. E. Jefferis, Mrs. R. J. Nash, Mrs. F. C. Paten and Mrs. Louis Sheneman.

Look for the notice of the Mothers' Council meeting on Monday, November 8, at 7 P. M., as printed elsewhere in this issue.

Don't forget the club's radio program from WFI from 3 to 4 P. M. Thursday, November 11. There is to be a card party for the benefit of the Building Fund at the home of Mrs. John A. Caldwell, No. 122 Elmwood avenue, Wednesday, November 17, at 2 P. M.

Mrs. Batchelor, chairman of Fine Arts, announces a trip to the Academy for the Watercolor Exhibition Friday morning, November 19. The party will take the 9.29 A. M. train from Narberth.

November 19 is the night of the dinner-dance at Elm Hall, given by the board of directors for the Building Fund. The excellent home-cooked dinner will be diversified by clever stunts of the cabaret order and followed by dancing to a good orchestra. Tickets at \$1.25 may be obtained from Mrs. H. A. Jacobs, No. 210 Essex avenue, Narberth 2813. Dinner will be served at 6.30 P. M.

Wilson, Defeated in State, Wins
Locally as Republican Voters
Cut Vare---Narberth Leads Move

WANTED—A HITCHING POST

Thursday night at 10.00 there appeared at Elm Hall, at breathless lady, who informed Officer Emil Piquet that her Ford coupe had been stolen from beneath the shadows of the Methodist Church.

"Perhaps some youngsters have run away with it and driven it around the block," he conjectured the policeman on arriving at the scene. He found that the car had been parked on Price avenue, with its nose in the direction of Dudley.

So he walked down the hill. As he passed a home at the corner of Price avenue and Narbrook Park he espied a light amongst the trees. An investigation disclosed the flier calmly hiding behind the shrubbery.

Apparently the brake had slipped, allowing the car to wander down Price avenue, where it jumped a curb and stopped on the lawn. With a suggestion to tie the car to a telephone pole next time, the cop received the grateful thanks of the unknown lady and went his way.

PILOTS OUTSTEER
BOWLING BATTLERS

Captain Little Steers Pilots to Harbor—Pep Boys Down Meteors.

NEW HIGH SCORE, 234

The Battlers were given a "Little" surprise on Monday evening when the Pilots steered two games safely into their harbor.

Captain Little, of the Presbyterian Pilots, is some pilot, especially when he is piloting the bowling ball down the straight and narrow way and tackling Mr. Ten Pins on the fatal spot, just a little to the right of the nose, which means a sure drop. On Monday evening, November 1, Mr. Little bowled the season's new big score of 234. He also established a new high average for three games of 195.

H. T. Smedley, captain of the Baptist Battlers, was second high man with a score of 217.

On Tuesday evening the Pep Boys and Meteors rolled a postponed match, which proved a little sad to the Meteors. Gunning season is opened, but the Meteors were not shooting quite straight and allowed the Pep Boys to carry off two games.

The scores and teams' standing follow:

PEACOCK MOVES

N. R. Peacock, well-known painter and interior decorator, has established a new office and shop at 107-09 Essex avenue.

Mr. Peacock has formerly conducted his business from his residence at 407 Essex avenue. The growth of his establishment has necessitated the removal to the larger quarters. The office is in a part of C. E. Funk's garage building.

PETERS WINS, LOSING
NARBERTH TO HAWS

While Congressman William S. Vare, candidate for the United States Senate and the entire Republican ticket were riding to victory in the State at the fall election Tuesday, Lower Merion, Narberth and all of Montgomery county for the first time in the memory of the oldest inhabitants were giving pluralities to a Democratic candidate for the Senate. William B. Wilson, representative of the minority party, beat Vare in Lower Merion by 46 votes, and in Narberth by 318 votes. Then he went into the county to capture that from Vare by a majority of nearly 1500.

That the defeat of the Congressman here was due to his personal unpopularity with the voters and cannot be attributed to any changing party allegiance of the dyed-in-the-wool Republicans that inhabit this rock-ribbed Republican sector, is shown by the fact that the rest of the Republican ticket was given the usual sweeping majorities in the county at large as well as in Lower Merion township and Narberth Borough.

In Lower Merion and in Narberth, the Republican candidates for Congress, Henry W. Watson, and for Assembly, Fred C. Peters, ran a bit behind the leaders of the State ticket due to complimentary votes which were given to their local Democratic opponents. These were Richard J. Hamilton, of Ardmore, president of the Merion Title and Trust Company and member of the Lower Merion School Board, who opposed Watson and Edward S. Haws, former Narberth Postmaster, who ran against Peters. Watson, however, carried the county and the rest of the Ninth Congressional District easily, and Peters won handsily over Haws to capture the election for the First Assembly district comprising Lower Merion, Narberth, Upper Merion, Bridgeport and West Conshohocken.

Fisher Leads Ticket.

Republican Governor-elect John S. Fisher led in the balloting in Lower Merion and Narberth, polling a total of 5038 votes to the even 1200 of his Democratic opponent, Judge Eugene Bonniwell. James Woodward, candidate for Secretary of Internal Affairs was second in the total poll of these two sections with 4983 to the Democratic Murphy's 1090. James, the new Lieutenant Governor, was given a total of 4957 to the 1033 of Hackett, Democrat; James S. Boyd, Norristown State Senator candidate, got 4687 to Harvey Plummer's 1338; Fred Peters, of Ardmore, who will succeed Benjamin H. Ludlow as Assemblyman from the First district, polled 4429 to Haws' 1558, and Henry W. Watson for re-election to Congress.

ABEL BOTTOMS

Mr. Abel Bottoms died at his home, Maple Hall, Narberth and Rockland avenues, Merion, on Tuesday morning.

Mr. Bottoms, a former Philadelphia builder, connected with the firm of Abel Bottoms & Sons Co., retired from business 10 years ago and purchased the property in Merion where he had since made his home. He was born in England 71 years ago, and was very active in the Society of the Sons of St. George, having served as its president.

Besides his widow, Mr. Bottoms is survived by six children, Mrs. James MacMackin, Mrs. Bradford L. Troutman, George W. Bottoms, Captain Maitland Bottoms, Mrs. Samuel K. White and Mrs. Rollin S. Tonhill, and 11 grandchildren.

Funeral services will be held today at 2 P. M. at the home.

START ROLL CALL

Narberth Red Cross Committee
Makes Plea.

Commencing Armistice day, Thursday, the 11th, the Red Cross Tenth Annual Roll Call will be held, until November 25. The local committee in charge of raising funds for the work of the organization has made the following statement:

"Why should I join the Red Cross?"

"Because it springs from the people and its strength is for the people, and because it unites every creed, sect, party and nation in a common cause of relief in emergencies affecting the health or life of any community. At all times, the Red Cross wars against human distress."

"The Red Cross gives its services to the people in Narberth who are in need. Why not give your membership to your hometown committee?"

"It is estimated that Narberth has a population of over 5000. The total receipts of the Roll Call of last year were but \$609. This amount seems low for the population. Let's try to double it this year."

"There will be Red Cross workers for every street, so renew your membership in Narberth. A complete list of the committee will be announced in next week's 'Our Town'."

121 YEARS OLD

Veteran of Many Wars Makes Visit to Narberth.

Born on April 14, 1805, in England, and still healthy and happy. That is the boast of Captain James W. Smith, who dropped in to chat with several Narberth business men Thursday.

Captain Smith is well known to a number of Narberth folks. He drops in several times a year, walking about with the aid of a pair of old canes, and soliciting small funds for a Philadelphia mission in which he is interested.

His claims are a bit startling to those of us who are content to die at about half that age. In his pockets are numerous documents to substantiate his claims, including the statements of a minister who is said to have verified the facts in the case.

He says he walks 30 miles a day and smokes 20 cigars during the same period.

He is against prohibition, feeling that it is wrong in principle and practice.

He frowns on the dress styles of the modern young lady.

He claims to be a veteran of the Crimean and Boer wars under the English flag and of the Mexican and Civil wars in America.

He wears proudly the badge of the G. A. R. and lives comfortably on his service pensions.

He speaks proudly of his pugilistic ability, and offered to take on the editor for a couple of rounds. At the age of 79 he offered to stand up for four rounds against the mighty John L. Sullivan for a prize of \$1000, which he captured after six rounds.

His wife died several years ago at the age of 110, and he proudly exhibits pictures of grown-up great-grandchildren.

Such is the story of the keen-eyed old gentleman who passed through Narberth Thursday. The editor can recall only two stories to beat his. One is the tale of Methuselah in the Bible. The other is the fascinating "Ring of Thoth," by Sir Arthur Conan Doyle. Certainly it is interesting to talk to a man who can boast of being old enough to vote for the past 100 years!

Mrs. James Donnelly, formerly of Narberth, now resident in Atlantic City, has recovered from a severe case of typhoid and pneumonia.

FIRESIDE

Friends of Mrs. George Gilpin, of Mill road, will be glad to learn that she is recovering from the attack of typhoid fever which has confined her in the Women's College Hospital in Philadelphia.

A marriage license was issued Monday in Norristown to Edwin F. Nimmo, of Narberth, and Elizabeth L. Davis, 6412 Church road; also to Daniel H. Killian, of Narberth, and Catherine V. Tiernan, 149 East Durham street.

Mrs. Arthur Goldsmith, of Montgomery and Mill road, was recently appointed to the Pennsylvania State Board of Federated Music Clubs. She attended the recent regional conference at York, Pa., and since her return had as her house guest, Mrs. William Diuks, of Pittsburgh. Mrs. Diuks, who is president of the Pennsylvania Federation of Music Clubs, is one of the judges in the Sesquicentennial inter-State student contest.

The junior branch of the Ardmore Woman's Club will give a dance on Saturday, November 13, at the clubhouse on Ardmore avenue.

After visiting relatives in Denver, Louisville and Washington, D. C., Mrs. R. T. Venemann has come to Narberth to make her home with her son, H. G. Venemann, of Hampden avenue.

Mr. and Mrs. Adolph Vogel are being congratulated on the birth of a son, on Thursday, October 28, at Dr. Knipe's Sanatorium in Merion.

BILL BOLLARD

In Again—S. P. C. A. After Him This Time.

Berardino Vanitelli, whose name has been mentioned in this paper many, many times for disagreeable contact with the law, added to his long string of offences again this week.

"Bill Bollard"—no one knows why he is so called—was arrested at 6 o'clock Saturday morning by Officer Emille Piquet on a warrant sworn out by the Society for the Prevention of Cruelty to Animals. He was charged with failure to take care of his horses and to properly feed them. The horses, incidentally, are the same animals which he paid fines for permitting to ravage lawns on Wynnedale avenue, during the past year.

Magistrate Kromer fined him \$65. It is understood that a movement has been launched, requesting the Department of Highways to revoke Bollard's license to drive a car.

CHILD KILLED BY TRUCK

Edward K. Bauer, Jr., 7-year-old son of Mr. and Mrs. E. K. Bauer, of 401 Anthwyn road, was killed last Friday at Ardmore, when a truck of the Suburban Construction Company, out of control, climbed on the pavement and pinned the boy against a building.

Mrs. Bauer, also struck by the car, was painfully injured, but was discharged from the hospital after a number of stitches had been taken in her leg and scalp.

The accident occurred at Ardmore and Lancaster avenues. The heavy truck swung out of the pike traffic into Ardmore avenue as Mrs. Bauer and the boy were crossing. As they attempted to regain the pavement the truck swerved and struck them.

Mrs. Bauer is recovering at her home, and has expressed appreciation for the consideration and sympathy shown by her neighbors since the tragedy occurred.

ANOTHER WET MONTH

The monthly weather report for October is announced by the Narberth Observer as follows:

	High	Low
Barometer	30.43	29.20
Temperature	84	28
Precipitation	4.26 inches.	

The month got into line with the three preceding ones, in having an excess of precipitation, the largest amount in 24 hours falling on the 31st, when 1.43 of an inch was recorded.

The low barometer was the lowest since October, 1925, when exactly the same reading was observed on the same date as of this October.

W. C. CLUB CALENDAR

1—The Creation Ode

This is the first of a series of four sermons dealing with the material of the early chapters of Genesis. The aim will be to present this matter in a way consonant with modern thinking. The sermons to follow are: "The Birth of Sin," "A Family Quarrel" and "A Universal Catastrophe."

Monday, November 8

\$14.00

will place in your home a splendid 24-inch Basket Grate and 1/2-ton of Cannel Coal—a combination which would ordinarily cost \$16.50.

We have made this special offer to acquaint more people with the use of Cannel Coal in the open fireplace. The big lumps in which this coal is sized are light and easy to handle; three or four will burn all evening; when lighted, they pop open and spread over the grate, making as bright and warm and cheerful a blaze as any logs, and requiring much less attention.

Order while this offer lasts!

YELLOW PINE

Often advertised as "The Wood for All Purposes." This refers to what is known in the trade as Long Leaf Yellow Pine, and about twenty-five other common names, such as Georgia Pitch Pine, Turpentine Pine, Fat Pine, etc., on account of its resinous nature. The scientific name, however, is Pinus Palustris, an evergreen with needles or leaves ranging in length from 9 to 15 inches, making the name "Long Leaf" very appropriate. It grows in the Carolinas, Georgia, Florida and their sister States along the Gulf.

It is close grained, heavy and hard, sawn to boards and timbers, has a good record or durability when used as posts, sleepers, etc., where it comes in contact with the earth. Is nearly always recommended where tensile strength is needed and is very attractive when finished "Natural" in Home Construction.

Always in stock.

Lower Merion Eleven Comes to in
Last Quarter to Beat Abington 13-0

In the final period of the Lower Merion-Abington football game Saturday, Lower Merion rose to supremacy, casting its early quarter shackles to the winds in one of the most exciting gridiron games witnessed on the Ardmore field this season. The 13-0 victory was the result of continued bucking and hammering until Abington tired and weary tossed the reins to a more able master.

In the first minutes of the fourth stanza, the Merion eleven, after a series of off tackle and line bucks, carried the ball to Abington's last chalk mark, where Dohard severed the boroughites chances of conquest. Miller failed to add the extra point on a bad pass. Almost on top of the first tally came the second score of the game, Miller carrying the ball from the kick-off beyond the 50-yard line. After one line thrust, little "Ossie" Smith tore through Abington's tackle and quickly reversing his field, showed his heels to the visitors' secondary defense for the second six-pointer. Miller added the extra point by a place kick.

Abington proved all it was put up to be in first three periods holding the strong offensive thrusts of the home eleven at bay as if waiting for a break. Three times in the first half the Merion opponents stopped as many drives within their five-yard line.

"Stonewall" Jackson must have been the guardian angel of the out-of-town foes until he too, worn out with exasperation, took the hint and fled. The famed Abington shift worked consistently and neatly for about six first-downs throughout the entire fray. The only pointed offensive drive was in the first period when the Abingtonites were stopped on the Merion's 30-yard mark, "Stonewall's" arch-rival evidently working up a little counter-opposition.

The continued good work of "Juke" Miller, the splendid showing of Dohard, and the fleet footwork of "Ossie" Smith left unsolved problems in the Abington gridders' minds. Time and again the three flashy backs aided by Harris, tore things up for the visitors and threw continual havoc in the hearts of the Abington rooters.

While Lower Merion finally awakened in the fourth quarter,

punch was missing in the first half when Abington successfully oppressed three good line drives. That punch was missing in the first half full surveillance of the Merion squad may bring to light something that will surprise the local rooters in the coming games.

Lansdowne, bitter rival of old, is to be met on the Ardmore field Saturday afternoon at 2:30 sharp. The Maroon and Gray, as usual, brings with her many colorful memories of past frays. Something is usually found up Lansdowne's sleeve and a game of surprises will be had for sure. Lansdowne was beaten last year by the local eleven, 35-0, but thus far this year has suffered but one or two defeats.

Portable seats for the Lower Merion-Radnor game were bought by school authorities within the last several weeks. 2000 of them will be erected on the new Radnor field for the students and rooters of Lower Merion High school and will be placed at a premium of \$1. per seat to persons other than students. To students a special rate will be made of 50 cents per seat. The Radnor fray incidentally, will be an interesting one, the odds favoring Radnor for the first time in four years. Last Friday afternoon Radnor defeated Cheltenham 13-6 on the latter's field. Cheltenham defeated Lower Merion 20-0. Enough said. Up to the present date Radnor remains undefeated and Lower Merion has only one defeat charged against her. The contest will be one of much color and spirit, and annually draws a large crowd to its support.

HIGH SCHOOL STUDENTS

Engage in Friendly Competition at the Y. M. C. A.

The Main Line Christian Association has started a Swimming League among the high schools, in this section. Among the high schools represented will be Lower Merion, Haverford, Radnor, Tredyffrin, Upper Darby and Marple Newtown. Groups from these schools will use the Y. W. C. A. pool several times a week for tests and eliminations, and when these are completed it is planned to form a team consisting of 10 representatives from each school.

Preliminary contests will be held in the "Y" pool, the final event taking place in one of the largest pools available in this vicinity. Cups will be awarded to the winners and the public will be invited to witness this grand water carnival and contest.

FOOT HIGHWAY ENOUGH?

Motor vehicle registrations and highway traffic have increased enormously in recent years and will undoubtedly continue to increase, but highway officials do not fear the development of a general condition of congestion or any breakdown in the roads constructed by reason of the increased traffic. Highway research and experience have developed types of pavement fully capable of withstanding present and expected future traffic. Eighteen feet has come to be the minimum standard width for main highways and except for roads in the vicinity of large cities and a few heavily traveled roads between certain cities this width will be ample for several years to come, says the Bureau of Public Roads.

Your Telephone

You reach three feet for it—
and it reaches three thousand
miles for you

It is more than the four-pound instrument at your elbow, or the copper circuit and the central office switching apparatus.

It is universal service—with Pennsylvania's million Bell telephones and America's eighteen million.

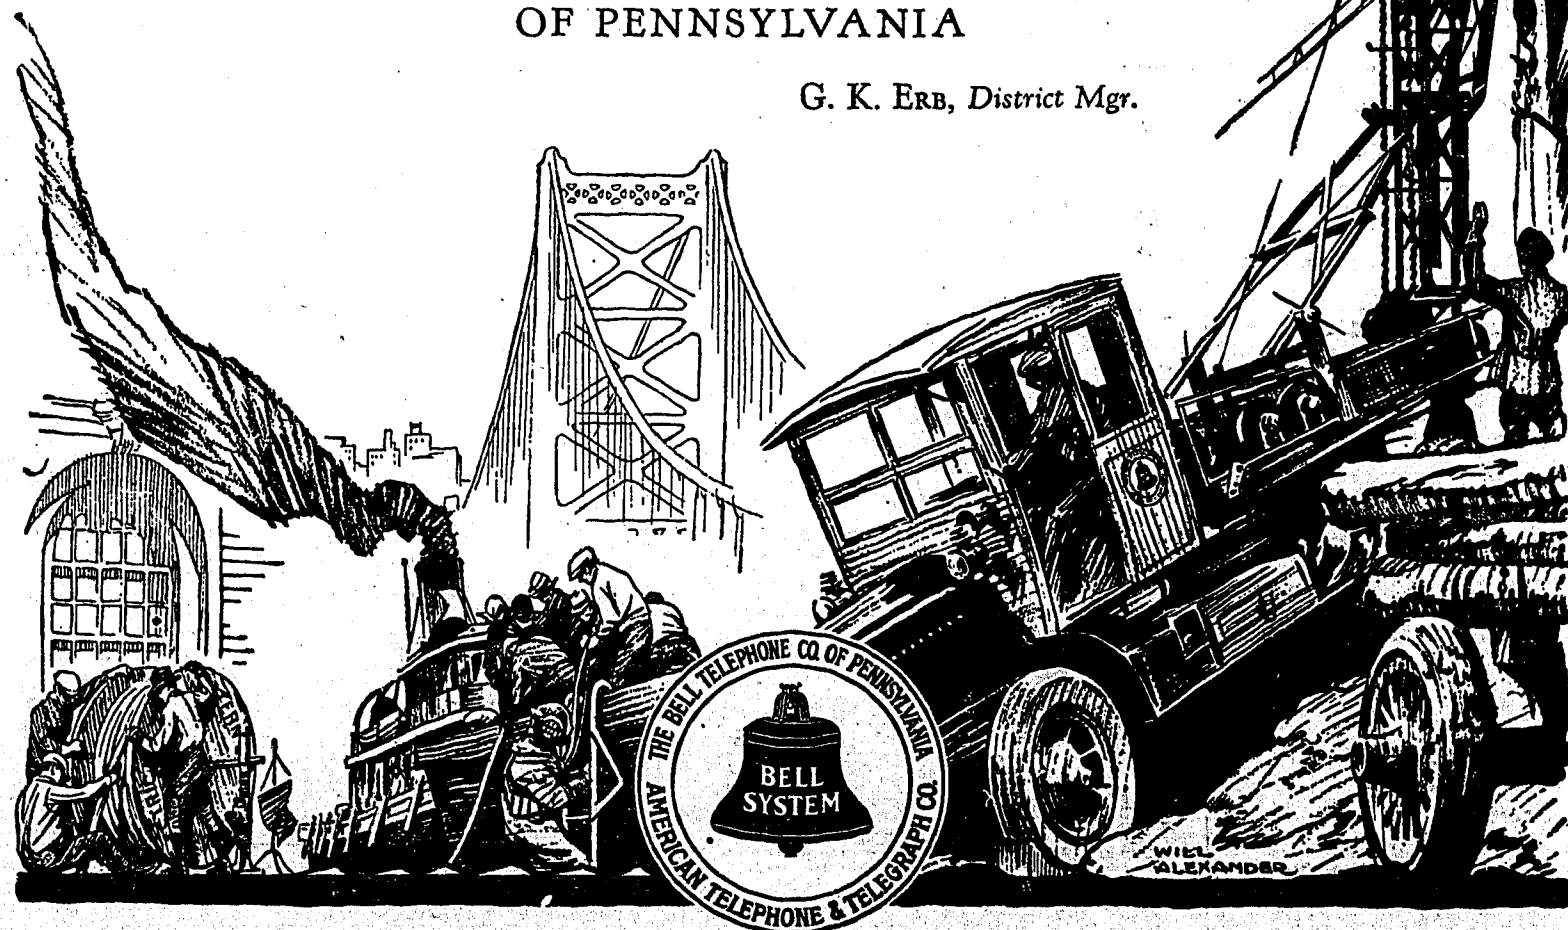

Its value to you is represented not merely by your ten or a dozen calls a day, but by its readiness to take you anywhere or bring anyone to you.

And, so, its value to you continuously increases as this facility of service is extended. Since 1916 it has doubled.

Equipment complexities already tremendous are being more than matched by scientific invention and development, and each year finds a better balanced, smoother working, more efficient mechanism.

Will your coal burn next winter?

Coal that "looks good" in the fall and "burns bad" in winter won't keep your home warm. How can you tell good coal from bad? You can't. You must depend upon your coal dealer for quality as well as quantity. Thousands of households in West Philadelphia and suburbs have faith in our coal, our service, our weight. And they're never disappointed.

Senator Boyd

alone he beat both Watson and James Boyd, State Senator candidate in the voting. Congressman Watson, in the primaries, was unopposed for renomination and here was high man on his ticket in the spring voting.

The polls, as usual, opened at 7 A. M. Tuesday morning, but there were few votes cast before afternoon. The biggest rush in nearly all districts took place between 4 and 6 P. M.

The voting Tuesday, due to the quietness of the campaign and to the fact that many Republicans stayed away from the polls rather than cut their ticket on Vare, was light as anticipated. In Lower Merion, where there were 13,641 voters registered and eligible to take part in the election, only 4881, or about 36 per cent., cast ballots.

In Narberth the turnout was slightly better. Of 2623 eligible voters 1076 or about 41 per cent. appeared at the polls.

NEEDLEWORK GUILD MEETS

The annual meeting of the Narberth branch of the Needlework Guild of America will be held in the Baptist Church of the Evangel on Thursday, November 11.

Directors are requested to report as early as possible. The receiving committee will be at the church at 9.30.

Luncheon and election of officers at 12 noon.

The afternoon session at 2 o'clock. Mrs. Herman B. Allyn, secretary of the Children's Country Week Association, and Mrs. Helnor, of the Glenside branch, will be the speakers.

Garments will be on display and every one is cordially invited to be present.

W. F. M. S. MET

The annual fall luncheon of the Women's Foreign Missionary Society, of the Methodist Episcopal Church, was held Monday, November 1, in the Sunday school room of the church. About 50 members were present.

Mrs. Fletcher Stites gave a very instructive talk on her recent trip to the Holy Land. Mrs. Moore, of Cynwyd, sang several Negro spirituals, which were greatly enjoyed.

The regular monthly business meeting followed. Mrs. Harry M. Chalfont is president of the society.

RESULTS AT A GLANCE

Total of Votes Cast in Narberth for Each Candidate.	
United States Senator	
William S. Vare, R.	362
William B. Wilson, D.	680
George W. Snyder, Soc.	5
Elisha Kent Kane, Pro.	28
Robt. C. Macaulay, C. Land ..	0
A. J. Carey, Workers	1
Governor	
John S. Fisher, R.	881

AT THE HEAD OF THE STREET

Simply as a part of the scenery, it is pleasant to view the building at the west end of Haverford Avenue. A brick colonial structure, dignified, friendly, strong, attractive.

Appearance, of course, is but a part of an institution's duty to the community it serves. Back of the white-painted doorway there must be a friendly welcome, and the capacity to serve.

These, we think, you will find here. The strength of the National Banking System is at your command, and the courtesy which comes only through genuine neighborly contact.

A REMINDER

Don't Envy Your Neighbors' Flowers Next Spring
PLANT TULIP BULBS NOW

Our stock is of the highest quality, and as prices are very reasonable this year, a few dollars will purchase enough bulbs to make a beautiful flower bed or border.

We Specialize in Darwin Tulips

The flowers are large, globular or cup-shaped and borne on long, strong stems. They are highly prized for cutting and unsurpassed for May blooming in the garden. They are sure to prove satisfactory even to the most uninitiated in plant culture, and as the bulbs generally produce good blooms for a least three successive years, the cost is really very small.

Little Chats About Your Health. No. 2.

Traveling in A Circle.

In his book "Roughing It" Mark Twain tells of being lost in a storm and—without knowing it—of traveling for hours in a circle and finally learning that all the while he had been but a very short distance from camp and friends.

People who rely on self diagnosis and self medication also very often travel in circles in that they make no headway until their course is properly directed by a physician.

You can best travel the road to health when your doctor acts as your guide.

As we specialize in prescription work we are always prepared and ready to give real service in that respect.

CHILDREN'S BOOK WEEK

Special Display of Reading Matter for Children at the Library.

"Children's Book Week," established seven years ago to promote interest in the right reading matter for children of all ages, comes next week, and the Narberth Community Library will co-operate to the extent that is possible. For that purpose there will be on display a collection of new books for young readers, many of them recently purchased from funds appropriated by the Narberth school directors.

The collection displayed at the local library cannot, of course, be as complete as those that will be shown in city libraries, but it will conform in so far as possible to the purpose of the week, which is to present a model of what every week in the year should be; that is, an opportunity to place before the child just the right kind of book for his development. This means, of course, the book that students of childhood have agreed upon as being stimulating to his mental growth and at the same time agreeable to his taste.

Memberships in the Library Association run with the calendar year, according to association by-laws, and notices will be going out soon to all annual members reminding them of that fact and urging them to renew their memberships. While the money derived from the members' dues is a valuable source of income, still the sense of personal interest and support, which the membership enrollment indicates, is perhaps even more valuable in the direct stimulus it gives to the volunteer staff who keep the library going.

OPPOSES ANTI-WOODEN SHINGLE ORDINANCE

CONTINUED FROM THE FIRST PAGE

such are admirable ordinances. Council has in the past adopted many worthwhile regulations, but this one, if adopted, will not, in the writer's opinion, be one of them. A fire hazard classification should describe the requirements which the material should pass instead of the material itself. The desirability of such a basis is evidenced by the fact that composition roofing materials (Class "C", underwriters' specifications), allowed to be used under the proposed ordinance, have all degrees of inflammability.

The impression seems to obtain in some quarters that the adoption of such an ordinance will serve to raise Narberth's classification from Class "D" to Class "B", or possibly Class "A", and thus shade down the cost of insurance. Will it? It will not. Have the underwriters given any written assurance or promise of such a revised classification? It would be most unusual, to put it courteously, should they do so. Suppose the classification were changed—the result would be a saving of perhaps less than \$5 on a five-year policy covering the average home. But consider the facts as they relate to a change in classification and figure the probabilities yourself. In determining the rating classification of a town the underwriters use a schedule of many items, crediting a relative number of points to each item of the schedule. Condensed, this schedule is as follows:

Water supply, hose stream basis	2000 points
Fire Department, hose stream basis	1200 points
Fire Alarm System	550 points
Police Department	50 points
Building laws	200 points
(38 points in this 200 apply to shingle ordinance)	
Hazards	300 points
Structural conditions	700 points

Total 5000 points

Thus you will see an ordinance such as is proposed is worth 38 points out of a total of 5000.

Fire statistics show the great bulk of fires originate within the building—the contents of the building and carelessness are the great fire hazards—the roof is a minor risk, and certainly the shingle roof is no more of a risk, if as much, than the so-called "fire-proof" composition roofing, any number of makes of which can readily be ignited with a match, and which are to be permitted use on the borough homes.

The shingle makes a roof of beauty and utility—many classes of architecture require its use and the beauty of the town would be marred by its forced elimination.

I could write a letter so long that no one would read it, but that would defeat my aim. Hence many arguments against the ordinance which present themselves have been omitted.

It does seem desirable, however, that home owners should give the subject earnest thought. Council has announced that a public hearing on the bill will be held shortly. The action of Council will undoubtedly reflect the opinion of Narberth as it may be expressed at the public hearings; therefore, let that opinion be expressed not only by the builders, the architects, the roofers, but by the individual home owners.

T. NOEL BUTLER.

MERCHANTS TO AID IN PARKING PROBLEM

CONTINUED FROM THE FIRST PAGE

tee of Council Friday night, so that the suggestions could be taken up in the regular meeting of the borough fathers Monday night.

The principal speaker on the traffic problems was ex-Burgess Carl B. Metzger, who described himself as the "father of angle parking in Narberth." He made a strong plea for intelligent co-operation, so that Narberth could say it had a place for customers to park in the business district.

Plans calling for general one-way traffic on Haverford avenue, which have been talked of for some time,

were ruled out, in the hope that the comprehensive recommendations made would take care of the problem without setting down confusing rules.

The merchants also took up a number of general problems relating to the business problems of Narberth. A close feeling of co-operation was shown and a desire to meet regularly to discuss problems, calling in every merchant in the Haverford avenue section to co-operate.

The growth of the business section and of the town it serves has brought up many new problems. Not only do these problems include a desire to concentrate Narberth buying in Narberth stores, but also the necessity of increasing the scope

and appeal of the services to be rendered by the merchants.

ANNUAL MEETING

The annual meeting of the Narberth Civic Association, for the election of officers and the transaction of such business as may come before the members, will be held on Tuesday, November 16, at 8 P. M. in Elm Hall. All members, officers, directors and past members of the Civic Association are requested to attend.

Don't forget the Mothers' Council meeting in the Junior High School, Monday, at 7 P. M.

In Silent Reverence

We Bow Our Heads

In Grateful Tribute

AS THE YEARS pass we realize, with increasing gratitude, the wonderful accomplishment attained by our brave boys who went "over there." Time, the great equalizer, emphasizes with ever-growing momentum the feeling of reverence in which we can regard their deeds of valor, their unselfish sacrifices and their willingness to give all freely that we might enjoy our birth-right.

It is our sacred privilege to bow in tribute on Armistice Day

**The Red Cross, Heroic and Ready in War and Peace,
Needs the support of all in the Annual Roll Call
which begins next Thursday. Let
Narberth Be Found Ready!**
